JOURNAL OF ZOOLOGY

Volume 252 Contents

Part 1, September 2000

Yoder, A. D., Irwin, J. A., Goodman, S. M. and Rakotoarisoa, S. V., Genetic tests of the taxonomic status of the ring-tailed lemur (*Lemur catta*) from the high mountain zone of the Andringitra Massif, Madagascar 1

Entwistle, A. C., Racey, P. A. and Speakman, J. R., Social and population structure of a gleaning bat, *Plecotus auritus* 11

Hazell, R. W. A., Bennett, N. C., Jarvis, J. U. M. and Griffin, M., Adult dispersal in the co-operatively breeding Damaraland mole-rat (*Cryptomys damarensis*): a case study from the Waterberg region of Namibia 19

Rota, E. and Brinkhurst, R. O., *Mesenchytraeus antaeus*, a new giant enchytraeid (Annelida, Clitellata) from the temperate rainforest of British Columbia, Canada, with a revised diagnosis of the genus *Mesenchytraeus* 27

Bradshaw, C. J. A., Davis, L. S., Lalas, C. and Harcourt, R. G., Geographic and temporal variation in the condition of pups of the New Zealand fur seal (*Arctocephalus forsteri*): evidence for density dependence and differences in the marine environment 41

Clode, D., Birks, J. D. S. and Macdonald, D. W., The influence of risk and vulnerability on predator mobbing by terns (*Sterna* spp.) and gulls (*Larus* spp.) 53

Brady, L. D. and Griffiths, R. A., Developmental responses to pond desiccation in tadpoles of the British anuran amphibians (*Bufo bufo, B. calamita* and *Rana temporaria*) 61

Lance, V. A., Elsey, R. M. and Lang, J. W., Sex ratios of American alligators (Crocodylidae): male or female biased? 71

Ruusila, V., Ermala, A. and Hyvärinen, H., Costs of reproduction in introduced female Canadian beavers (*Castor canadensis*) 79

Moon, B. R., The mechanics and muscular control of constriction in gopher snakes (*Pituophis melanoleucus*) and a king snake (*Lampropeltis getula*) 83

Fischer, W. J., Koch, W. A. and Elepfandt, A., Sympatry and hybridization between the clawed frogs *Xenopus laevis laevis* and *Xenopus muelleri* (Pipidae) 99

Hayward, P. J., Lace corals (Bryozoa: Phidoloporidae) from Australia and the tropical south-west Pacific 109

Part 2, October 2000

Zuri, I. and Bull, C. M., Reduced access to olfactory cues and home-range maintenance in the sleepy lizard (*Tiliqua rugosa*) 137

Wang, J. Y., Chou, L.-S. and White, B. N., Osteological differences between two sympatric forms of bottlenose dolphins (genus *Tursiops*) in Chinese waters 147

Parry, M., A description of the nuchal organ, a possible photoreceptor, in *Euprymna scolopes* and other cephalopods 163

Ebensperger, L. A. and Bozinovic, F., Energetics and burrowing behaviour in the semifossorial degu *Octodon degus* (Rodentia: Octodontidae) 179

Rutowski, R. L., Variation of eye size in butterflies: inter- and intraspecific patterns 187

Marques, A. C., Peña Cantero, A. L. and Vervoort, W., Mediterranean species of *Eudendrium* Ehrenberg, 1834 (Hydrozoa, Anthomedusae, Eudendriidae) with the description of a new species 197

Forsyth, D. M., Habitat selection and coexistence of the Alpine chamois (*Rupicapra rupicapra*) and Himalayan tahr (*Hemitragus jemlahicus*) in the eastern Southern Alps, New Zealand 215

Trout, R. C., Langton, S., Smith, G. C. and Haines-Young, R. H., Factors affecting the abundance of rabbits (*Oryctolagus cuniculus*) in England and Wales 227

Ruxton, G. D., Statistical power analysis: application to an investigation of dinosaur thermal physiology 239

Köhler, N., Gallardo, M. H., Contreras, L. C. and Torres-Mura, J. C., Allozymic variation and systematic relationships of the Octodontidae and allied taxa (Mammalia, Rodentia) 243

Kantor, Y. I. and Taylor, J. D., Formation of marginal radular teeth in Conoidea (Neogastropoda) and the evolution of the hypodermic envenomation mechanism 251

Welander, J., Spatial and temporal dynamics of wild boar (*Sus scrofa*) rooting in a mosaic landscape 263

Part 3, November 2000

Binder, W. J. and Van Valkenburgh, B., Development of bite strength and feeding behaviour in juvenile spotted hyenas (*Crocuta crocuta*) 273

Bateson, P. and Bradshaw, E. L., The effects of wound site and blood collection method on biochemical measures obtained from wild, free-ranging red deer (*Cervus elaphus*) shot by rifle 285

Walker, J. A. and Bell, M. A., Net evolutionary trajectories of body shape evolution within a microgeographic radiation of threespine sticklebacks (*Gasterosteus aculeatus*) 293

Stothard, J. R., Brémond, P., Andriamaro, L., Loxton, N. J., Sellin, B., Sellin, E. and Rollinson D., Molecular characterization of the freshwater snail *Lymnaea natalensis* (Gastropoda: Lymnaeidae) on Madagascar with an observation of an unusual polymorphism in ribosomal small subunit genes 303

Keogh, J. S., Scott, I. A. W. and Scanlon, J. D., Molecular phylogeny of viviparous Australian elapid snakes: affinities of *Echiopsis atriceps* (Storr, 1980) and *Drysdalia coronata* (Schlegel, 1837), with description of a new genus 317

Maddocks, T. A. and Geiser, F., Seasonal variations in thermal energetics of Australian silvereyes (*Zosterops lateralis*) 327

Voight, J. R., A deep-sea octopus (*Graneledone* cf. *boreopacifica*) as a shell-crushing hydrothermal vent predator 335
Shimmin, G. A., Taggart, D. A. and Temple-Smith, P. D., Sperm competition and genetic diversity in the agile antechinus (Dasyuridae: *Antechinus agilis*) 343
Harris, D. J. and Arnold, E. N., Elucidation of the relationships of spiny-footed lizards *Acanthodactylus* spp. (Reptilia: Lacertidae) using mitochondrial DNA sequence, with comments on their biogeography and evolution 351
McDonald, R. A., Webbon, C. and Harris, S., The diet of stoats (*Mustela erminea*) and weasels (*Mustela nivalis*) in Great Britain 363
Núñez, R., Miller, B. and Lindzey, F., Food habits of jaguars and pumas in Jalisco, Mexico 373
Poulin, R., Marshall, L. J. and Spencer, H. G., Genetic variation and prevalence of blood parasites do not correlate among bird species 381
Holloway, J. C. and Geiser, F., Development of thermoregulation in the sugar glider *Petaurus breviceps* (Marsupialia: Petauridae) 389
Gille, U. and Salomon, F.-V., Brain growth in mallards, Pekin and Muscovy ducks (Anatidae) 399
Lucas, Z. and Stobo, W. T., Shark-inflicted mortality on a population of harbour seals (*Phoca vitulina*) at Sable Island, Nova Scotia 405

Part 4, December 2000

Preston-Mafham, K. G. and Cahill, A., Female-initiated copulations in two tetragnathid spiders from Indonesia: *Leucauge nigrovittata* and *Tylorida ventralis* 415
Corrêa, H. K. M., Coutinho, P. E. G. and Ferrari, S. F., Between-year differences in the feeding ecology of highland marmosets (*Callithrix aurita* and *Callithrix flaviceps*) in south-eastern Brazil 421
Lizcano, D. J. and Cavelier, J., Daily and seasonal activity of the mountain tapir (*Tapirus pinchaque*) in the Central Andes of Colombia 429
Souza, F. L. and Abe, A. S., Feeding ecology, density and biomass of the freshwater turtle, *Phrynops geoffroanus*, inhabiting a polluted urban river in south-eastern Brazil 437
Bennett, N. C., Molteno, A. J. and Spinks, A. C., Pituitary sensitivity to exogenous GnRH in giant Zambian mole-rats, *Cryptomys mechowi* (Rodentia: Bathyergidae): support for the 'socially induced infertility continuum' 447
Leys, R., Mate locating strategies of the green carpenter bees *Xylocopa* (*Lestis*) *aeratus* and *X.* (*L.*) *bombylans* 453
Blair, T. A., Cree, A. and Skeaff, C. M., Plasma fatty acids, triacylglycerol and cholesterol of the tuatara (*Sphenodon punctatus punctatus*) from islands differing in the presence of rats and the abundance of seabirds 463
Somers, M. J., Foraging behaviour of Cape clawless otters (*Aonyx capensis*) in a marine habitat 473
Meijide, F. J. and Guerrero, G. A., Embryonic and larval development of a substrate-brooding cichlid *Cichlasoma dimerus* (Heckel, 1840) under laboratory conditions 481
Calmaestra, R. G. and Moreno, E., Ecomorphological patterns related to migration: a comparative osteological study with passerines 495
Suchentrunk, F., Alkon, P. U., Willing, R. and Yom-Tov, Y., Epigenetic dental variability of Israeli hares (*Lepus* sp.): ecogenetic or phylogenetic causation? 503
Weir, D. N., Kitchener, A. C. and McGowan, R. Y., Hybridization and changes in the distribution of Iceland gulls (*Larus glaucoides*/*kumlieni*/*thayeri*) 517

SHORT COMMUNICATIONS 531
Interplay between acclimation time and diet quality on basal metabolic rate in females of degus *Octodon degus* (Rodentia: Octodontidae), by C. Veloso and F. Bozinovic, p. 531; Biased distribution of trematode metacercariae in the nephric system of *Rana* tadpoles, by G. W. Thiemann and R. J. Wassersug, p. 534; Body weights in grey and red squirrels: do seasonal weight increases occur in conifer woodland?, by P. W. W. Lurz and A. J. Lloyd, p. 539; Allozyme variation in the Eurasian badger *Meles meles* in Denmark, by C. Pertoldi, V. Loeschcke, A. B. Madsen and E. Randi, p. 544
